

UNIVERSITY OF LEEDS

ACADEMIC UNIT OF PRIMARY CARE

Programme of Continuing Professional Development *for undergraduate tutors*

Delivered through a blend of online learning and workshops

An Overview of Primary Care Teaching in Leeds

Wednesday 13th September 2017—09:00-12:30

9.58a Worsley Building, University of Leeds

This session will be fairly informal and will be mandatory for all new practices and recommended for tutors in established practices becoming involved in new areas of teaching.

It will be very much tutor led with Q+A for problems, examples of timetables and good practice, and an explanation of assessments through the course and their relevance.

It will provide an introduction to the reflective elements of teaching and the Quality Standards Framework.

To book your place using our online booking form, please visit:
