Children & Family Services

1

BIRTH & EARLY MONTHS

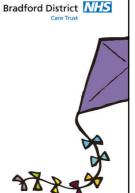

- Liaison with Neonatal unit; community midwife; paediatric outreach nurses
- **Birth Contact** home or hospital as preferred by parents
- Pre-CAF checklist if not yet done & CAF as needed

You and Your Care Children & Family Services

BIRTH & EARLY MONTHS

- ▶ Encouraging contact with local Children's Centre; voluntary agencies; breastfeeding support; postnatal groups
- ▶ Continue relationship building with parents & family ideally with same health visitor
- ▶ Maintain liaison with other professionals/voluntary agencies

Bradford District NHS

IF AN INFANT DIES

- Liaison with Bereavement Support Midwife -Julie Cadman; paediatric outreach nurses; G.P. & as per health visiting standards
- Contact with family card initially, follow up phone call to discuss a home visit
- If contact/bereavement support initially declined - further contact after 4- visit 6-8 weeks, and then at 3-4 months
- Anniversary a card offering support would be helpful around this time

You and Your Care Children & Family Services

IF AN INFANT DIES

- Provide information of local support
- SANDS leaflet; local group &/or befrienders; Child Bereavement UK
- Follow up with parents and encourage postnatal care
- Early support at any subsequent pregnancy & back to the beginning of pathway

TRAINING

- ▶ Parents involved in training for professionals
- ▶ Joint bereavement training for midwives, neonatal nurses & health visitors
- ▶ Cultural needs training
- ▶ Online network for bereavement midwives, neonatal nurses, health visitors involved in supporting parents after a baby's death:

http://bereavementnetwork.rcm.org.uk/login

You and Your Care Children & Family Services

WHAT HELPS

- ▶ Listening to parents
- Empathy, respect & non-judgmental, caring attitude
- ▶ Staff from same ethnic origin
- ▶ Diary use starting in Neonatal Unit
- ▶ Clear process of how to give feedback and feeling supported during the process
- ▶ Knowledgeable and clear information
- Support to feel in control of what is happening

NEXT STEP IDEAS

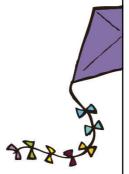

- ▶ Service User group for health visiting
- ▶ Parent representatives at meetings e.g Health Visiting Standards
- ▶ Bereavement Support Health Visitor (HV)
- ▶ Working group of midwives, neonatal nurses/paediatric outreach nurses & health visitors to formalise pathway & strengthen communication links
- ▶ Establish standardised links with neonatal & paediatric outreach nurses
